Feb 7th 1825

I will put a fence 7 or 8 feet high the pannels 6 ft long for fifty cents per pal the holes to be dug for me. The paling fence in front I will put up for two dollars and twenty five cents per pal of ten feet long, the pales to have a neat head on them 4 ft high, neatly planed. The 2 gates for— Seven dollars.

The boards will cost one dollar per pannel of the nails will cost 12 1/2 cents per do. The post will cost 40 cents each. I will take one share— in the garden but it is not to be understood that I am to furnish the materials. J.R. Hoganar.
