I will furnish and lay down the foot walk mentioned in your advertisement at 32 cents per yard as I have a quantity of flag stone on hand and I will also deliver as many small stones as will fill your walks in place of the tan bark you mentioned in the advertisement which will be far superior. This small stone I will deliver for fifty cents per load I will allow you to stone wall but I don’t know how to make a bill for the cubic yard but I will do the work on reasonable terms, all of which I will do well and will discharge as I am prepared with materials. I am yours respectfully.

Feb. 9, 1825

I will build your wall for $25.10 Cents per cubic yard.
